|                                            |                                             |
|--------------------------------------------|---------------------------------------------|
| 不同冬小麦品种超晚播节水栽培的物质积累和水分利用特征                 | 王彬 张俊丽 徐学欣 张英华 王云奇 赵姣 王志敏(1)                |
| 氮肥对棉花应用增效缩节胺封顶效果的影响                        | 韩焕勇 王方永 陈兵 李保成 张旺锋 田晓莉 李召虎(12)              |
| 气候变化下东北农作区大豆需水量时空变化特征分析                    | 胡惠杰 王猛 尹小刚 姜雨林 文新亚 陈阜(21)                   |
| 柿杂交 F <sub>1</sub> 代叶表型遗传多样性研究             | 刁松锋 李芳东 段伟 韩卫娟 孙鹏 傅建敏(32)                   |
| 北京野生软枣猕猴桃果实品质综合评价体系                        | 仇占南 张茹阳 彭明朗 张文 李天忠 朱元娣(45)                  |
| 不同色泽无花果果皮色素变化特征及其与果实糖分累积的关系                | 曹丽春 徐翔宇 李金平 马会勤(54)                         |
| 中国牛肉食用品质评价方法研究及应用                          | 张亚伟 赵丽萍 耿春银 孟庆翔 任丽萍(64)                     |
| 产后奶牛子宫内致病菌的分离、毒力基因检测及耐药性分析                 | 贾知锋 王纯洁<br>敖日格乐 高瑞娟 徐进 高思明 包胡斯楞 阿日查 郭雪梅(67) |
| 永生化山羊子宫内膜上皮细胞系的建立及其生物学特性                   | 吴庆侠 董海龙 刘忠艳 朱洪云(73)                         |
| 5-羟色胺对断奶腹泻仔鼠小肠组织学结构的影响                     | 张媛 杨晨玉 韩亚楠 陈耀星 王子旭<br>曹静 董玉兰(80)            |
| 基于 Markov 和 Logistic 模型的莆田市土地利用变化及林地转出空间模拟 | 陈颐 林毅伟 林丽丽 兰宇翔 傅伟聪<br>郑祈全 董建文(87)           |
| 提高生态位模型时间转移能力的方法研究                         | 张天蛟 刘刚(98)                                  |
| 引黄河泥沙充填复垦采煤沉陷地区域适用性评价——以济宁市为例              | 许涛 赵艳玲 肖武 王培俊 张建勇(106)                      |

日光温室自然对流蓄热中空墙体蓄放热效果研究

..... 任晓萌 程杰宇 夏楠 赵淑梅 崔文慧 马承伟 王庆荣(115)

基于毛细管网的日光温室苗床加温系统研究

..... 何芬 富建鲁 丁小明 潘守江  
李振兴 周长吉(123)

电驱动高地隙车辆滑转率滑模控制研究..... 毛家稳 周俊 梁洋洋(129)

谷子联合收获机脱粒装置设计与试验..... 康栋 吴崇友 梁苏宁 汤庆(135)

我国肉牛养殖风险及影响因素分析..... 胡向东 王明利 石自忠 崔姹(144)

碳排放约束下中国苹果全要素生产率研究..... 冯晓龙 刘明月 霍学喜(157)

不同模式农民合作社形成的影响因素研究

——基于农户生产过程特征视角的分析..... 陆倩 孙剑 向云(169)

农民工工作满意度影响因素分析

——基于新生代和老一代农民工的差异分析..... 李超 郝希(178)

生物质发电供应链协同演化研究

——基于山东省生物质发电厂的实证研究  
..... 檀勤良 潘昕昕 王瑞武 张兴平 张充(190)

## CONTENTS

- Characteristics of biomass production and water use in different winter wheat cultivars under extremely-late sown and water-saving cultivation ..... WANG Bin, ZHANG Junli, XU Xuexin, Zhang Yinghua, WANG Yunqi, ZHAO Jiao, WANG Zhimin (1)
- Effect of nitrogen fertilizer on plant growth and yield formation of cotton applied with fortified DPC ..... HAN Huanyong, WANG Fangyong, CHEN Bing, LI Baocheng, ZHANG Wangfeng, TIAN Xiaoli, LI Zhaohu (12)
- Spatial and temporal changes of soybean water requirement under climate changes in the Northeast Farming Region of China ..... HU Huijie, WANG Meng, YIN Xiaogang, Jiang Yulin, CHEN Fu (21)
- Genetic diversity of phenotypic traits of leaves in F<sub>1</sub> progeny of persimmon ..... DIAO Songfeng, LI Fangdong, DUAN Wei, HAN Weijuan, SUN Peng, FU Jianmin (32)
- Comprehensive evaluation system of the fruit quality of wild *Actinidia arguta* in Beijing ..... QIU Zhannan, ZHANG Ruyang, PENG Minglang, ZHANG Wen, LI Tianzhong, ZHU Yuandi (45)
- Peel pigment change during the development of figs with different colors and the correlation with soluble sugar accumulation ..... CAO Lichun, XU Xiangyu, LI Jinping, MA Huiqin (54)
- Research and application of beef eating quality evaluation method in China ..... ZHANG Yawei, ZHAO Liping, GENG Chunyin, MENG Qingxiang, REN Liping (61)
- Separation, detection of virulence genes and drug-resistance analysis of pathogenic bacteria from the uterine of postpartum dairy cows ..... JIA Zhifeng, WANG Chunjie, Aorigele, GAO Ruijuan, XU Jin, GAO Siming, Baohusileng, Aricha, GUO Xuemei (67)
- Establishment of goat immortalised endometrium epithelial cell line and study on its biological characteristics ..... WU Qingxia, DONG Hailong, LIU Zhongyan, ZHU Hongyun (73)
- Effect of 5-hydroxytryptamine on the intestine histological structure of weaning diarrhea pups ..... ZHANG Yuan, YANG Chenyu, HAN Yanan, Chen Yaoxing, WANG Zixu, CAO Jing, DONG Yulan (80)

|                                                                                                                                                                |                                                                                                   |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------|
| Study on land use change in Putian City and spatial simulation of forestland transition based on Markov model and Logistic regression model .....              | CHEN Yi ,LIN Yiwei ,LIN Lili ,<br>LAN Yuxiang ,FU Weicong ,ZHENG Qiquan ,DONG Jianwen (87)        |
| Study of methods to improve the temporal transferability of niche model .....                                                                                  | ZHANG Tianjiao ,LIU Gang (98)                                                                     |
| The regional suitability evaluation index system of filling reclamation of mining subsidence land with Yellow River sediment;A case study of Jining City ..... | XU Tao ,ZHAO Yanling ,XIAO Wu ,WANG Peijun ,ZHANG Jianyong (106)                                  |
| Study on the effect of natural convective hollow wall on thermal storage/release in solar greenhouse .....                                                     | REN Xiaomeng ,CHENG Jieyu ,XIA Nan ,ZHAO Shumei ,<br>CUI Wenhui ,MA Chengwei ,WANG Qingrong (115) |
| Design and test of seedbed heating system based on capillary network in solar greenhouse .....                                                                 | HE Fen ,FU Jianlu ,DING Xiaoming ,PAN Shoujiang ,LI Zhenxing ,ZHOU Changji (123)                  |
| Research on sliding mode control of slip rate for electric high-clearance vehicle .....                                                                        | MAO Jiawen ,ZHOU Jun ,LIANG Yangyang (129)                                                        |
| Design and test of the threshing device of millet combine harvester .....                                                                                      | KANG Dong ,WU Chongyou ,LIANG Suning ,TANG Qing (135)                                             |
| A study on the risks of beef cattle and its influential factors .....                                                                                          | HU Xiangdong ,WANG Mingli ,SHI Zizhong ,CUI Cha (144)                                             |
| Study on total factor productivity of apple in China under carbon emissions .....                                                                              | FENG Xiaolong ,LIU Mingyue ,HUO Xuexi (157)                                                       |
| Influential factors on the formation of different farmer cooperatives modes:<br>From the perspective of peasant household's production process .....           | LU Qian ,SUN Jian ,XIANG Yun (169)                                                                |
| Influential factors on migrant worker's job satisfaction;Based on the gap analysis about the new and older generation of migrant workers .....                 | LI Chao ,XI Xi (178)                                                                              |
| Research on synergetic evolution of biomass electricity generation supply chain:<br>An empirical study on biomass power plant in Shandong Province .....       | TAN Qinliang ,PAN Xinxin ,WANG Ruiwu ,ZHANG Xingping ,ZHANG Chong (190)                           |
